## North American Industry Classification System (NAICS) Codes

---

### What is NAICS?

The North American Industry Classification System is a system for classifying business establishments. Adopted in 1997 to replace the old Standard Industrial Classification (SIC) system, NAICS is the industry classification system used by U.S. statistical agencies.

### Instructions:

Step 1. From column below, find the category that best describes your type of business.

Step 2. Find the corresponding code to the left of your category. The code represents the first two digits of your NAICS code. For example, if your business description falls under "Construction", the corresponding code is 23.

---

### The following are the 20 broad sectors:

---

Code	NAICS Sectors
11	Agriculture, Forestry, Fishing and Hunting
21	Mining
22	Utilities
23	Construction
31-33	Manufacturing
42	Wholesale Trade
44-45	Retail Trade
48-49	Transportation and Warehousing
51	Information
52	Finance and Insurance
53	Real Estate and Rental and Leasing
54	Professional, Scientific, and Technical Services
55	Management of Companies and Enterprises
56	Administrative and Support and Waste Management and Remediation Services
61	Education Services
62	Health Care and Social Assistance
71	Arts, Entertainment, and Recreation
72	Accommodation and Food Services
81	Other Services (except Public Administration)
92	Public Administration

---

Step 3. Go to the page in the chart below where the NAICS code numbers begin with your code.

Step 4. Find the six-digit NAICS code beginning with your two digits that best describes your type of business.
